

Office Fee Schedule:

Because of the wide spectrum in the level of complexity between patients, the following fee schedule was created.

A new child visit is allotted a 1-hour window.

A new adult visit is allotted a 2-hour window.

All follow-ups are allotted a 1-hour window.

Patients are charged according to the amount of time used within that window of time. See below for details.

Additional charges, determined by the time required, will be applied to:

Extended visits beyond scheduled time, lengthy emails that need a comprehensive response, and reports or forms that need to be filled out.
